

Palermo Heart to Heart

31ST ANNUAL GOLF TOURNAMENT

www.palermo-foundation.org

JULY 10, 2022
SUGARLOAF GOLF CLUB

Dear Friends and Supporters:

Come join us for our 31st year in supporting our mission of making a difference in the life of a child in treatment for cancer and other serious chronic illnesses. Over the years you have seen the children helped through the generous support and donations made possible by you. In the past 11 years, monies raised has gone to support a dynamic arts-in-medicine program called Beads of Courage. Presently we support five Beads of Courage children's hospitals in Pennsylvania. Many of the children in the Greater Hazleton area have received treatment at one of those hospitals.

As you can see what started out nearly 31 years ago honoring the memories of Frank "Froggy" Palermo and Attorney James Palermo has turned into a cause larger than anyone could have expected.

I love my Beads of Courage necklace.

When I was sick in the hospital, the beads were very important to me.

They helped me not to worry about bad stuff and made it easy for me to talk about my hospital stay.

After I left the hospital, the beads still help me, because they make me remember that I handled my surgery like a superhero. I also got to meet a super cool glass bead artist at the National Bead Challenge Day. He even custom-made a bead for me!

- Patrick, 13, Pittsburgh
